Permitted Effluent Limitation Violations**

Dear Mr. Dobler,

A review of recent Discharge Monitoring Reports (DMRs) for the above-mentioned facility revealed the following compliance issues:

The facility has reported 2 violations of Part I, Section A of NPDES Permit No. AR0043397 during the review period. DEQ requires the City of Rogers to work toward preventing violations of the Part I, Section A., Effluent Limitations and Monitoring Requirements of the Permit.

Any violation of your NPDES Permit is subject to enforcement action by this Department, pursuant to the Arkansas Water and Air Pollution Control Act. The regulations and your NPDES Permit require that you take all reasonable measures necessary to eliminate or prevent the occurrence of violations.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0840 or you may e-mail me at christina.brown@adeq.state.ar.us.

Sincerely,

A handwritten signature in cursive script that reads "Christina Brown".
