RE: Permit Number: AR0043613, AFIN: 14-00059
Effluent Violation Warning Letter and Progress Report Request

Dear Mayor Vann:

A review of the Permit file for the above mentioned facility for the period of January 1, 2023 through July 31, 2023 reveals the following compliance issues:

The facility has reported 2 effluent violations of Part I, Section A of Permit No. AR0043613:

Table with 6 columns: DMR End Date, Discharge Number, Parameter Description, Reported DMR Value, Permit Limit, Vio %. Contains two rows of violation data for Chlorine, total residual (INST MAX, mg/L).

Non-compliance reports with corrective actions were received by the Division.

The regulations and your Permit require that you take all reasonable measures necessary to eliminate or prevent the occurrence of violations. DEQ is in the process of drafting a Consent Administrative Order to address the repeated effluent violations that were reported over the last five years.

Should you have any questions concerning the above referenced compliance issues, please feel free to contact me at 501-682-0758, or you may e-mail me at Kristen.graham@adeq.state.ar.us.

Sincerely,
