Re: City of Magnolia Quarterly Progress Report
AFIN: 14-00059 NPDES Permit No. AR0043613

Dear Ms. Taylor:

The Utility is continuing to make progress in completing the smoke testing and making service repairs. As previously reported, most of the service line leaks have been a result of missing caps.

The automatic chemical feed system Contract at the waste water treatment plant is approximately 50% complete. The Contract for the sludge removal and disposal has been awarded. The Contractor is securing a land disposal site and will be making permit application to your office.

If you require additional information, please contact me, Mayor Parnell Vann or Russell Thomas of the Magnolia Waster Water System.

Sincerely,

A. L. FRANKS ENGINEERING, INC.

Anthony L. (Andy) Franks, P.E.
Principal

CC: Mayor Parnell Vann
Russell Thomas, Magnolia Waste Water
