

Record of Communication

Key#: 736 **Date:** 2/21/2017 2:03: **Facility:** City of Magnolia

From: Mayor Vann **NPDES #:** AR0043613

To: Jacqueline Trotta

Mayor Vann called to inform ADEQ that his class IV wastewater operator (WWO) will be resigning and they have a lady who has a Biology degree that is working on getting her class two WWO's license. He said he would like to expedite the process of her getting her class IV WWO license and what all options does he have? I briefly explained that it would be best to ask around to other class IV WWO to see if they could be the interim operator. (I gave him a list of them). After speaking with Richard Healey, as far as expediting the process, she could use her degree hours for some ~~lpf k~~gevj qwtu , or if she had her P.E. but she has to hold a class III license for 3 years along with hours of experience. Refer to Reg. 3 for more detail. The Mayor will look into other Class IV operators and will let me know.
