Late Permit Report Submittal**

Dear Mr. Vann:

The Division of Environmental Quality (DEQ) received your Final Compliance report for achieving the final effluent limitations for TRC, Lead and WET for the City of Magnolia Big-Creek WWTP. However, the reports were due on March 2, 2022, and January 31, 2022, respectively. However, the reports were submitted on May 23, 2022. Therefore, the reports were submitted late, which is a violation of the Permit.

Please note, there is no further action required by you at this time.

If you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads 'Jill Gray'.
