Corrective Action Plan Response**

Dear Mr. Cox:

The Division of Environmental Quality (DEQ) received and reviewed the Corrective Action Plan (CAP) dated May 13, 2022, for the above-referenced facility. The response was deemed adequate with the following comments:

- Please be advised that pursuant to APC&EC Rule 6.202(A), “Any person who desires to construct, operate or modify any disposal system which will discharge to the waters of the State... shall submit an application for a permit for such activity.”
- The milestone schedule and final compliance date shall be fully enforceable as terms of Consent Administrative Order 22-027.
- Please continue to submit quarterly reports detailing the progress Oak Tree Subdivision has made in achieving final compliance with permit limits. The next quarterly report was due August 15, 2022 and again on November 15, 2022.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0699, or you may e-mail [tiana.toups@adeq.state.ar.us](mailto:tiana.toups@adeq.state.ar.us).
