Re: NPDES Permit # AR 0045225, AFIN 34-00061  
Newport Wastewater Treatment Plant, Airbase  
First (1<sup>st</sup>) Progress Report  
M-N # 16-030

Dear Sir:

As required by Permit # AR0045225 please find enclosed the First (1<sup>st</sup>) Progress Report for the Newport Wastewater Treatment Plant located at the Newport Airbase Industrial Park. While the permit provides for a discharge, none has occurred during the period June 1, 2017 to May 15, 2018. This being the case no discharge equals no permit violations. As you are aware the City routed flow from this area to the Newport Main Wastewater Treatment Plant several years ago; however the City wishes to have the capability to discharge in the event the future flow requires it.

At this time, no changes are anticipated and no milestones are required. The permit issued on June 1, 2017 did add a compliance requirement for a  $\text{No}^3$  &  $\text{No}^2 - \text{N}$ . Since there has been no discharge, these limits have not been violated.

Sincerely yours,

A handwritten signature in black ink that reads 'Robert W. Chatman'. The signature is fluid and cursive, with a long horizontal line extending to the right.

Robert Chatman, P.E.

FIRST (1<sup>st</sup>) PROGRESS REPORT  
NEWPORT WASTEWATER TREATMENT PLANT (AIRBASE)

1.0 INTRODUCTION

The City of Newport owns and operated a wastewater treatment facility located at Newport Airbase, Newport, AR. This facility treats wastewater from local area residents and from Shearer's Foods, Inc. a major industrial contributor.

2.0 ACTION PLAN

There is not a planned action plan at this time since the DMR's indicate that during this first year of activity of this permit (Effective June 01, 2017) there was no discharge and as a result no violations to the permit limits were encountered.

3.0 FUTURE ACTIVITY

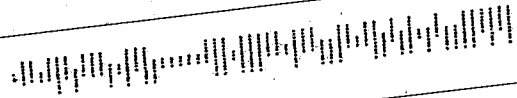

This is the first (1<sup>st</sup>) scheduled Progress Report which is due one (1) year from the effective date. A second (2<sup>nd</sup>) scheduled Progress Report will be due two (2) years from the effective date (June 01, 2019). Then a Achieve Final Compliance Report is scheduled Three (3) years from the effective date (June 1, 2020). Each year these reports will be submitted to the Enforcement Branch of the Office of Water Quality.
