Subject: AR0045225 Newport Final Compliance Report Due

July 28, 2020

Martin Steward
Town of Newport

RE: Permit No: AR0045225, AFIN 34-00061
Final Compliance Report Due

Dear Mr. Steward,

A review of the above referenced file was conducted, and it has been determined the Final Compliance Report required by Part I, Section B of the Permit has not been submitted. The report requires the following:

“A final Progress Report certifying compliance with the Final Effluent Limitations for NO₃ + NO₂-N must be submitted no later than 30 days following the final compliance date and include a certification that the final effluent limits were met on the effective date and that the limits are still being met.”

Submittal of this report was due by June 1, 2020. As discussed by phone earlier today, I have contacted the associated engineer and have requested submission of the report.

Your assistance with this matter is most appreciated. Should you have additional questions, please contact me directly.

Sincerely,

A handwritten signature in black ink, appearing to read "Myrl Lawrence". The signature is written in a cursive style and is enclosed in a thin black rectangular box.
