**RE: NPDES Permit No. AR0048836 & 5130-WR-2, AFIN 71-00018  
CAP Response**

Dear Mayor McCormac:

The Division of Environmental Quality (DEQ) received and reviewed the Corrective Action Plan (CAP), dated May 31, 2024, for the above referenced facility. The response was deemed adequate with the following comments:

- Please be advised that pursuant to APC&EC Rule 6.202(A), "Any person who desires to construct, operate or modify any disposal system which will discharge to the waters of the State... shall submit an application for a permit for such activity."
- The milestone schedule and final compliance date shall be fully enforceable as terms of Consent Administrative Order 24-065.
- Please continue to submit quarterly reports detailing the progress City of Clinton has made in achieving final compliance with permit limits. The next quarterly report will be due by August 15, 2024.

Thank you for your attention in this matter. Should you have questions, feel free to contact me at 501-682-0736 or by email at [thomas.harrington@arkansas.gov](mailto:thomas.harrington@arkansas.gov).

Sincerely,

A handwritten signature in blue ink that reads "Thomas Harrington".
