Todd

Could you mail in a corrected DMR with that value highlighted? It should also have a new signature/date. That's the only way it can be corrected on our end.

Thanks for your help

Morning Mr. Barber,

Permit number AR0048836, Discharge 001-A for the reporting period of April 2016 was missing the BOD entry on the DMR. Please be advised that entry should be "11.40".

Thank you,

Todd Burgess  
General Manager  
Clinton Water and Sewer
