RE: Permit Number 5130-W; NPDES Permit Number: AR0048836, AFIN 71-00018
Items Required for Permit Compliance

Dear Mayor McCormac:

This letter identifies necessary steps that must be taken by the City of Clinton both to comply with Permit Number 5130-W and NPDES Permit Number AR0048836.

Overdue Annual Reports

The Department has not received land application Annual Reports for the following monitoring periods, as required by Part II, Condition 19 of Permit 5130-W and Part 1, Section B of NPDES Permit No. AR0048836:

- 2012
- 2013
- 2014
- 2015

These overdue Annual Reports should be submitted to ADEQ within thirty (30) days of the receipt of this letter.

2016 Annual Report

As discussed in the meeting between the City of Clinton and ADEQ on September 27, 2017, the 2016 Annual Report submitted to ADEQ on April 21, 2017, requires corrections to the total application numbers. A 2016 Annual Report with corrected numbers and any other missing information (refer to the requirements in Permit Number 5130-W and NPDES Permit Number AR0048836) should be submitted to ADEQ within thirty (30) days of the receipt of this letter.

Renewal or Termination of Permit 5130-W

An application for renewal of Permit 5130-W was not submitted in a timely manner, which resulted in the expiration of the permit on June 30, 2017 without a renewal permit being issued. If the City of Clinton wishes to continue land application, a new permit application will have to be submitted to the Department. Otherwise, a Notice of Termination (NOT) should be submitted

to the Department. Please submit either the permit application or NOT to ADEQ within sixty (60) days of the receipt of this letter.

Thank you for your attention to this matter. Please refer to AFIN 71-00018 in any written correspondence to this Department. Should you have any questions, feel free to call me at 501-682-0823 or e-mail me at barber@adeq.state.ar.us.

Sincerely,
