RE: NPDES Permit Number AR0048836, AFIN 71-00018
Request for Sanitary Sewer Overflow (SSO) Reporting Procedures

Dear Mayor Purvis:

The Department of Environmental Quality was made aware of a Sanitary Sewer Overflow (SSO) on Patton Street in the City of Clinton on March 8, 2018. Upon further investigation, it was determined that this SSO started on Monday March 5, 2018. Failure to report SSOs within 24 hours is a violation of the permit number AR0048836.

Failure to report any future SSO with in the 24 hour time frame could result in formal Enforcement.

The Department now request a SSO Reporting Procedures to be submitted to the department that includes all procedures and steps that will be taken to ensure all future SSO will be reported within the 24 hour time frame.

Within thirty (30) calendar days of receipt of this letter, please submit the SSO Reporting Procedures to the ADEQ Water Division Enforcement Branch. The document may also be emailed to me at gavin.gray@adeq.state.ar.us.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0664 or at gavin.gray@adeq.state.ar.us.

Sincerely,

Gavin Gray
