Re: Clinton AR0048836 Sampling Plan

June 29, 2022

Mrs. Allen-Daniel,

The attached sampling plan is being submitted on behalf of the City of Clinton Water & Sewer Department, as requested by the DEQ, in the Zoom meeting of June 7, 2022. The city requests that this sampling plan also be considered the Cadmium Corrective Action Plan requested by the DEQ. Until sample contamination and/or the source of Cd is confirmed, a final corrective action cannot be determined. The sampling plan schedule ends the week of September 19, 2022, so all sample results should be received by the end of October 2022. A final Corrective Action Plan for the WWTP Cadmium will be submitted by December 31, 2022.

Should you have any questions or require additional information please contact me at the email address or phone number below.

Sincerely,

C. Kyle Breckenridge
