Little Rock, AR 72219

RE: Permit No: AR0049611, AFIN 30-00337  
No Data Indicator "E" November 2020 DMR

Mr. Metcalf,

The November 2020 Discharge Monitoring Report indicated No Discharge Indicator E, which is Analysis not conducted/No Sample. As you are aware, analysis and reporting are requirements of the Permit, and as such failure to sample or conduct analysis is a violation. The non-compliance report submitted did provide an adequate explanation. Please ensure that adequate measures and personnel procedures have been implemented to prevent recurrence.

As a reminder, any violation of your NPDES Permit is subject to enforcement action by this Department, pursuant to the Arkansas Water and Air Pollution Control Act. The regulations and your NPDES Permit require that you take all reasonable measures necessary to eliminate or prevent the occurrence of violations. Should further violations occur, this violation and any other violations will be considered in determining the necessary action.

Sincerely,

A handwritten signature in black ink, appearing to read 'Myrl Lawrence'.
