Re: NPDES Permit AR0049611, NetDMR Approval

Dear Mr. Metcalf:

The signed subscriber agreement for Mark Folsland of Arkansas Electric Cooperative Corporation Magnet Cove Generating Station has been received and access as Signatory Authority in NetDMR has been approved by the Arkansas Department of Environmental Quality. In addition, your Discharge Monitoring Reports (DMRs) are ready for online submittal. Please log into NetDMR and verify that the permit limits are accurate and let us know if you find any discrepancies.

We appreciate your cooperation in using NetDMR for submitting your DMRs electronically. Please remember that you must change your NetDMR password every 90 days, and each new password must be different than your last 10 passwords by at least 3 characters. NetDMR will not remind you of when your password will expire. If you have any questions, please contact me at (501) 682-0630 or by email at allen-daniel@adeq.state.ar.us, or, David Ramsey (501-682-0615 or Ramsey@adeq.state.ar.us).

Sincerely,
