**Attachments:** NCR form.pdf

Ms. Reynolds,

The above referenced permit requires a Non-Compliance Report (NCR) be submitted for any violation of permit parameters. An NCR was not submitted for the **TSS violation (value outside permit limit)** found in your **001-A** Discharge Monitoring Report (DMR) for April 2019.

For an NCR to be considered adequate it must contain all of the following:

- (1) a description of the violations,
- (2) the reason for the violations,
- (3) the duration of the violations,
- (4) the corrective action being taken to eliminate the violations,
- (5) the compliance date or expected compliance date,
- (6) an original signature of the cognizant official.

I have attached a blank NCR for your convenience. **Please submit the missing NCR by 6/7/2019.** In the future, please submit all NCRs as an attachment in NetDMR when submitting DMRs. Should you have any questions, feel free to contact me.

Thank you,

*Danielle Harbin*
