**RE: NPDES Permit Number ARG550540 Anthony Forest Products
Missing Non-Compliance Report for Parameter Violations**

Dear Mr Witter,

The Discharge Monitoring Report (DMR) submitted for outfall 002 for the monitoring period ending June 30, 2020, indicated violations for the effluent limits of Dissolved Oxygen, Total Suspended Solids, Fecal Coliform, and BOD. These violations require submission of a non-compliance report (NCR), which was not included with the submitted DMR. Please attach a completed NCR to the DMR and resubmit.

Should you have additional questions, or desire additional information, please contact me directly.

Kindest Regards,

A handwritten signature in black ink that reads "Myrl V. Lawrence Jr.".
