Amy,

Does this mean that C & H will begin pumping out waste storage lagoons 1 & 2 to move waste to EC Farm fields BEFORE ADEQ's independent experts drill around and under the storage lagoons to follow up on the ERI testing that revealed probability of a fracture and rapid movement of fluids beneath the lagoons?

If you cannot answer my question, please let me know who I should contact.

Thank you,

Alice Andrews

This letter constitutes notice of the Department's final permit decision and a copy of the final no-discharge permit is enclosed. The attached response to comments describes any substantial changes from the draft permit.

The applicant, and any other person submitting written comments during the comment period, and any other person entitled to do so, may request an adjudicatory hearing and Commission review on whether the decision of the Department should be revised or modified.

Such a request shall be in the form and manner required by Regulation 8.603, including filing a written Request for Hearing with the APC&E Commission Secretary at 101 E.

Capitol Ave., Suite 205, Little Rock, Arkansas 72201 within thirty (30) calendar days of the date of issuance of this final permit decision as provided in Reg. 8.211(B)(1). If you have any questions about filing the request, please call the Commission at 501-682-7890.
