Vendor, AR 72683**

Dear Adjacent Landowner:

Please be aware that I am requesting from the Arkansas Department of Environmental Quality (ADEQ), a major modification of my permit to become a land application site only. All land included in this modified permit will be land that has been permitted in the past to receive swine nutrients. Part of the liquid waste permit regulations require that I give notice to adjacent land owners when I modify my permit. Please contact myself, Ellis Campbell (870- 688-8992) if you have any questions.

The legal description for land that is to be spread on is: part of Section 5, Township 13N, Range 20W; part of Sections 4, 14, 15, 20, 22, 23, 29 and 30, Township 14N, Range 21W; part of Sections 25, 33, 34 and 36, Township 15N, Range 21W; and part of Sections 19, 20, 21, 28 and 29, Township 15N, Range 20W all in Newton County, Arkansas. Spreading on this acreage will be seasonal, not on a day to day basis.

Sincerely,

Ellis Campbell
