I assume the extension was granted by enforcement. Can we have a copy of the document to place on our file for our record? Thanks.

Jamal,

The permit expires on 4/30/2015 and the facility did not submit the permit application for renewal 180 days prior to expiration. We did not receive the permit application until 1/2/15. This permit is for a drip irrigation for a subdivision. They will need to continue operation. Therefore, I recommend that we forward this facility to enforcement for a CAO.
