The application was sent Fed Ex this am to the Water Division/Permit Branch. Please see the attached regarding the requirement to notify the ADH of the application. I failed to include this with the package and want to be sure it is added to the paperwork when reviewing for administrative completeness.

Thanks  
Kathy Bartlett

Katherine

I just wanted to let you know that I finally received a call back from the President of the Sloan Estates POA. Mr. JR Meeks and he has agreed to meet with me today to complete the permit application and disclosure statement for the referenced facility. I have the other necessary documents completed and will Fed Ex them along with the executed and signed paperwork by tomorrow. They have not taken title to the property, but their attorney is in the process of foreclosing on it from the developer, Lynnkohn LLC. Once they take title, a copy of that will be forwarded to the department.

Thank you

Kathy Bartlett

Re: Sloan Estates Subdivision Permittee: Sloan Estates Property Owners Association, Inc.

The Sloan Estates Property Owners Association has submitted a permit application for the existing wastewater treatment plant at the referenced subdivision. Please see the enclosed permit application and location map of the facility. We would formally request that a representative inspect the facility in accordance with the rules and regulations set forth by the Arkansas Department of Environmental Quality.

Please feel free to contact me if you have any questions.
