Casey,

Again, I am sorry this process is taking so long. The Amended Covenants for the POA are with the builder and he is working with the current residents to get them officially adopted. At that point the POA will be able to officially and legally enter into a contract with the Kathy to operate and the POA will be able to provide you with the Letter of Credit which you still need to get this think finally put to bed. I met with my attorney today and he is going to go thru and double check with the builder and the current residents what the official procedure is to get the convents officially adopted and signed off on and I will let you know more this week when I find out!. Hopefully we are close to this deal being finished! JR

Any update, as was expected by 2/25/2015? Also, Sarah will not be taking my place. You will continue working with me until the permit is issued.

Thanks,

Casey

What is the status of the update?

Thanks,
Casey

Good Afternoon,

Have we an update for Sloan's financial mechanism? I am being reassigned to Stormwater and will not be dealing with this soon, but I am trying to provide my replacement, Sarah Cousins, with updates.

Thanks,

Casey Vickerson
