Re: Permit Number 4875-WR-2, AFIN 72-01656

Dear Mr. Wirth:

Please be advised that the above referenced permit will expire on March 31, 2018. To date, our records show that you have not reapplied for the renewal permit. We are aware that you still have time in which to submit a renewal application. However, in order to continue operating after the expiration date of the existing permit, a **complete** renewal application must be received by this Department no later than October 2, 2017.

If you need more time to submit the renewal application, please submit your request in writing to the Director of ADEQ prior to October 2, 2017.

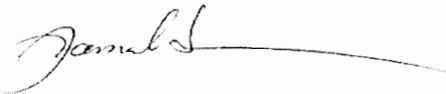

Please be advised **the subject permit is no longer valid after the expiration date.** If a complete renewal application or request for an extension is not received by October 2, 2017, this will be in violation of your current permit and state regulations.

If our records are incorrect, or if you do not desire to renew your permit, please respond by letter as soon as possible. Documents may also be submitted in PDF format to water-permit-application@adeq.state.ar.us.

A copy of the Permit, renewal forms can be obtained at the following website:
<https://www.adeq.state.ar.us/water/permits/nodischarge/individual.aspx>

Thank you for your cooperation. If you have any questions, please feel free to contact me at (501) 682-0620.

Sincerely,

Jamal Solaimanian, Ph.D., P.E.
Engineer Supervisor
