

ADEQ

ARKANSAS
Department of Environmental Quality

April 5, 2017

Honorable Travis Lee
Mayor of the City of Cave Springs
City of Cave Springs
P.O. Box 5
Cave Springs, AR 72718

RE: Permit Track No.: 4893-WR-3; AFIN: 04-01642

Dear Mayor Lee:

The Department received a letter from Barret Knutson on your behalf on April 3, 2017 requesting an extension on the permit application deficiencies. The Department grants this extension. The Department still requires the information requested in the March 24, 2017 letter in order to continue processing your application. Please submit the information to the Department **no later than May 3, 2017**.

The requested information shall be received by the Department by that date, or your application will be placed on inactive status. An application in an inactive status does not meet the requirements of having a renewal application submitted to the Department 180 days before the expiration date for administratively continuing an expired permit. The Arkansas Water and Air Pollution Control Act (A.C.A. Sec. 8-4-101 et seq.), as amended, requires that any waste disposal system that does not discharge directly into waters of the State must be under the terms and conditions of a no-discharge water permit.

Thank you for your cooperation in this matter. If there are any questions concerning this submittal, please contact Katherine McWilliams of my staff at (501) 682-0651 or by email at mcwilliamsk@adeq.state.ar.us.

Sincerely,

Robert E. Blanz, PhD, P.E.

Acting Senior Operations Manager
Office of Water Quality
