I am trying to find out if there is anything further your department needs to complete the transfer and renewal for the new owner on this. I know they have to post the financial assurance which will be no problem since the new entity that owns the system is a bank. I have tried to follow up on several occasions with the ADH and cannot get an answer from them. Is there anything holding this up? Please let me know so I can follow up. I appreciate it.

Regards
