Ms. Bartlett,

We have received the NDSTW Trust Fund information for permit no. 4908-WR-2 for the Deer Haven Subdivision. The information was submitted to adhere to the Schedule of Compliance in the recent permit renewal. The submittal was not complete. The following deficiency was noted:

- A component list for the system must be submitted detailing the full breakdown of components in the system, quantity of each component, the average life span of the component, the last date it was replaced, and the replacement cost per unit.

Submit the requested information by Monday, July 23, by 4:30 pm so that the schedule of compliance can be completed.

If you have any questions, please feel free to call.
