Questions Comments:

I am writing in favor of the C&H Hog Farm. I know these people personally and I know that they went above and beyond the requirements for their farm. They are good people and they are not doing anything to hurt the land or environment in Mt. Judea Arkansas. They were all born and raised in this area. I am confident that the testing that has been performed is correct and should prove to ALL that the Buffalo River is not in danger. I for one, am tired of all this, I cant imagine the stress and strain, physically, mentally and financially, this has been on the owners of this farm. Again, I am FOR this permit to go thru and FOR this farm. Pass this Permit and lets ALL move on!
