PLEASE Stop ADEQ from issuing a Reg 5 permit to the industrial swine operation on Big Creek on March 17th!!!

Do it out of respect for the Arkansans who came before you who fought to protect it as well as your constituents now who fight for its continued protection. The effects are already apparent and negative and there is potential for much greater harm if continued operations of such large commercial stock operations are allowed to continue in the immediate watershed of this magnificent river. This is riding on your shoulders. Don't disappoint us. Don't waste a fantastic natural resource in our natural state. Keep Arkansas as natural as possible. This should have never been allowed to happen in the first place. Right the wrong.

Thanks,
Allie & Jason Wakefield
