RE: ADH No. 32-7401, ADEQ Permit No. 5264-W, AFIN 51-00164  
C & H Hog Farms, Newton County, Arkansas

Dear Mr. Leamons,

A staff review has been made of the information received on the referenced project and ADH has the following comments:

Permit requirements for best management practices and stream buffer zones should be strictly adhered to during the land application of swine wastes to prevent water-borne pathogens from leaving the sites.

If you have any questions or comments, please coordinate them through Tyler Couch at 501-280-4428.

Sincerely,

Jeff Stone, P.E.  
Director  
Arkansas Department of Health
