I will never understand how this can even thought of. I am ashamed of our State for allowing this. It will be forever gone. Of all the places for this HOG factory, why in GODS name on the River? People are watching, people will remember who signed this to happen. This is evil. Please stop it before its to late. Damage has already been done. It makes me sick and ashamed. Its no wonder people think we are uneducated and ignorant. We prove them right when this happens.

This is insane, Its all about the almighty dollar to someone. If you vote this in, you are killing the economy, the wild life, the fish, the memories, many had had their ashes put in the river too. DO NOT DO IT. Its EVIL IF YOU DO.
