Questions Comments:

3/13/18 TO: AEDQ CC: Governor Asa Hutchinson FROM: Robert Cauley Land owner in Mount Judea, AR  
Thank you AEDQ for not renewing the Permit for C&H hog farm. I had to move my family out of the area when they started spraying the toxic hog waste across the road from where we lived. My wife has a compromised immune system and my grandson who has some asthma immediately had some issues. We didn't experience economic prosperity from C&H in the area, in fact, I lost a lot of money on the sale of my home and it took several years to sell. This hog-mill is less than 5 miles (with a major tributary probably less than 200ft.) away, and up-hill from the Buffalo National River. Also, the school is down hill and down-wind from the C&H hogatory. I still own property, and am a tax-payer in Newton County. My hope is that C&H will be shut-down. I also hope no more of these hog farms will be permitted. If the great State of Arkansas must permit these places for the "economic prosperity," please put them in the delta on the banks of the Mississippi. Thank you for your time and consideration, Sincerely, Bob Cauley Mt. Judea
