Subject: Support C & H Hog Farm
Date: Thursday, April 06, 2017 1:15:39 PM

To Whom It May Concern:

I fully support the C & H Hog Farm to continue their business in the professional manner that they have historically been doing. It behooves us as a nation to encourage farmers who are feeding us and protecting the environment to the best of their ability at the same time. We need these American farmers as opposed to buying food from other countries who do not have any ethics about how food is produced. Keep the USA strong.
