Questions Comments:

I am DEEPLY concerned and disheartened by the accumulating hog waste at CH Farms in Mt Judea, AR. The Buffalo River is too close, and the potential damage to a state and national treasure such as we are blessed to have would be devastating. I have invited hundreds of people to float the river and enjoy the surrounding area. On top of the environmental disaster it could be, the economical impact would be very significant. Please do all you can to protect these resources. Thank you, Betty Curtis
