Subject: Deny C&H Hog Farms, Inc. Application for Permit 5264-W  
Importance: High

Thank you for opportunity to submit my comments and concerns. I am writing to ask you to deny the C&H Hog Farms, Inc., application for permit 5264-W based on the threat the operation poses to our first national river.

The wildlife in the Buffalo National River watershed depends on a healthy ecosystem, and the hundreds of thousands of tourists who visit the region each year to fish, kayak, swim and hike expect clean water. But all of that is at risk. The hogs generate more than 2.5 million gallons of urine and feces annually that has the potential to seep through the porous ground and eventually into the river. As the nation's first national river and a unit of the National Park System, the Buffalo National River belongs to all Americans and its protection now, and for future generations, is important to me.

Thank you very much for your time and consideration,

Caleb Laieski
