---

Please support this families hog operation. They have met all requirements and more for operating their hog farm in rural Newton County, Arkansas. Please understand that if we continue to horas and place unwelcome regulations on farmers like this one that our future food security will be at risk. Farmers have been good stewards of the land and these farmers have gone over and beyond their duties to keep their environment safe. Please again support this family farmer.

Sincerely

Cheryl Meyers Ag. Instructor in Kingston, Arkansas
