FYI

Below is an email we received from Mrs. Bitting related to the public notice which ran today.

-----Original Message-----

**From:** Szenher, Doug  
**Sent:** Wednesday, May 25, 2016 09:36 AM Central Standard Time  
**To:** Osborne, Caleb; O'Guinn, Kimberly; Robinson, Kelly; Allison, Becky; Hunter, Robert  
**Subject:** FW: Permit #5264-W

For everybody's information. She also sent the original message to Becky Keogh and Mo Shafii.

She doesn't reference what the public notice is, but I'm guessing it may be the administratively complete notice for C&H Hog Farm's application for an individual CAFO permit under Reg. 5.

Ms. Bitting: Thank you for your comments. For future reference, Katherine Benenati no longer works at the Arkansas Department of Environmental Quality. E-mail addressed to her is being forwarded to me at this time; however, I am retiring from the agency effective June 1, although my last day here will be May 27. I will forward your comments to appropriate ADEQ staff for their consideration.

Katherine,  
The public notice was posted today in the Newton County Times, May 26th, prior to the Memorial Day 3 day weekend. This notice is for 10 days and closes 6 working days after posting. I question its posting on Wednesday prior to a holiday weekend. To be sure the public has opportunity to respond to such a controversial permit it seems all possibilities would be taken into account for the public benefit. It appears this posting is biased for industry. Please take into account the public, this is extremely important in a democracy.  
Sincerely,  
Carol Bitting
