I live in Fayetteville, Arkansas.

I am writing to ask that the permit for the hog farm near the Buffalo River be disapproved. Please do not place this beautiful National River in peril. Even if the farm is conscientious in following the requirements, I am concerned about its proximity to the Buffalo River. Please do not allow our beautiful river to be polluted with swine manure.

Please :

- do not allow renewal of C & H's hog factory farm Reg. 6 or Reg. 5 permits. The original permit was issued without appropriate public notice and comment opportunity.

- institute a permanent moratorium on any future medium and large hog factory farms in the Buffalo River watershed.

Thank you.

Elizabeth Hancock
