Hi Ray,

Sorry for the misunderstanding, I said I would call you back once I gather the information you requested. I did not say that I will call you right back or even on the same day. Based on Section 1.5 of the CAFO General Permit (ARG590000), "Application for Coverage" the construction of the holding ponds are covered under the same General CAFO Permit which was public noticed at the time of Notice of Intent (NOI) submittal for 30-days on our web site as required by the permit. Therefore, in accordance with CAFO General Permit, it was not required to obtain a separate individual NPDES construction permit. Please see below the excerpt from the CAFO General Permit specially the yellow highlighted section. Thanks.

### **1.5 Application for Coverage**

1.5.1 Operators of CAFOs seeking to be covered by this permit must:

1.5.1.1 Submit an NOI. This form is available on the ADEQ website

[http://www.adeg.state.ar.us/water/branch\\_permits/general\\_permits/default.htm](http://www.adeg.state.ar.us/water/branch_permits/general_permits/default.htm)

1.5.1.2 Submit a nutrient management plan (NMP) with the NOI that meets the requirements of

40 CFR 122 and 412 and have been developed in accordance with Arkansas

Natural

Resource Conservation Service Practice Standard Code 590 (Nutrient Management),

including the Arkansas Phosphorous Index, 2010 Revision.

1.5.1.3 Submit an ADEQ Disclosure Statement in accordance with the Arkansas Pollution

Control & Ecology Commission's (APCEC) Regulation No. 8.

1.5.1.4 Submit permit fees (\$200) upon invoicing, after the initial permit and annually thereafter.

**1.5.1.5 Submit an ADEQ Form 1 and plans and specifications that stamped by Professional**

**Engineer in Arkansas for construction of pond(s).**

**Subject:** [BULK] C&H CAFO

We spoke today and we discussed that there have been numerous FOIA's requesting documentation of the approval ADEQ provided for the Permit to Construct the C&H CAFO as well as the Public Notice that is required under Act 165 of 1993 and ADPC&E Regulation 8. These requirements are supported by former ADEQ senior management. I also informed you that the numerous responses that ADEQ has provided from the FOIA's **have resulted "in nothing to do" with the aforementioned and have been evasive to write the least.** You stated you would call me back. I never received a call.

Please email me the information no later than tomorrow by noon.

Sincerely,

Ray A. Quick, P.G.
