Subject: Reject Hog Farm Permit upstream from Buffalo
Date: Wednesday, March 29, 2017 8:02:39 AM

Simply stated, I will vote against any elected official that does not protect this river from the obvious harm the hog farm is and will continue to do. I will vote against the officials that allowed this in the first place and I will continue to circulate the facts and truth regarding the cronyism that took place and the damage it has caused.

The truth is concrete and should be upheld.
