Re: Permit No. 5264-W; AFIN 51-00164

Dear Caleb,

On Wednesday, December 6, C & H Hog Farms, Inc. will be providing the items requested in ¶¶ 1, 2, 3 and 6 of your letter dated September 19, 2017 along with a part of the information requested in ¶ 4. As my counsel has explained, there are continuing questions concerning the issue of any well as referenced in ¶ 5, but we are addressing that issue and may need additional time to make sure it is properly addressed.

Our consultant, Monica Hancock, has begun the work necessary to comply with the remainder of ¶ 4, but due to other work commitments and the need for additional clarification from ADEQ concerning matters such as the "Mount Judea sport complex," which is not properly characterized, is not used by the public, and is not owned by Mount Judea or the school district, she cannot complete her work before the ninety-day deadline set forth in your letter of September 19, 2017. Therefore, C & H Hog Farms, Inc. requests an extension to March 15, 2018 to provide the additional information. We hope to provide the additional information well before that extended date, but the extension is needed in case questions arise during the process of preparing the maps and updated buffers.

Your consideration of this request is appreciated.

Sincerely,

Jason Henson 12-6-17
Jason Henson
