**Date:** Wednesday, April 05, 2017 2:49:09 PM

---

I am writing this email to you in support of C and H Farm who is applying for an animal waste permit.

This farm has been exemplary in its environmental efforts in the past and has been scrutinized with no negative impacts from their farm found.

I respectfully request that the ADEQ grant this permit to C and H Farm.

The farm meets (and often exceeds) environmental standards established by the state of Arkansas and the EPA
