Dear Governor Hutchison and the ADEQ:

The Buffalo River is a national treasure. Please do what must be done to preserve the integrity of this natural resource that provides employment and enjoyment to so many people. You don't want to go down in history as the governor who allowed a big business backed CAFO to literally let pig poo foul our state's crown jewel!

I am a registered voter from Harrison. Please, do the right thing to protect the Buffalo National River watershed before it is too late. Those who truly love the natural beauty of the Ozarks are counting on you to do the right thing.

Respectfully submitted,

Katie Deakins
