

A.D.E.Q. C&H HOG FARM PERMIT 5264-W

3-6-2017

I would encourage you to approve of the permit for storage and land application for the C&H Hog farm. I have app. 250a would like to have it on my farm. Although it is not as strong quality as chicken litter. I believe it is much safer for the environment than chicken litter. There is no scientific evidence that it pollutes the B.N.R.
