---

Please see that the C&H hog facility be denied a permit. Such a large operation should never have been placed so near Arkansas' crown jewel the Buffalo National River. I am concerned about the risk ADEQ is taking by allowing this facility to operate on karst near the Buffalo River.

I love that I live so close to our nation's first national river park! I love to float the Buffalo and enjoy hiking near it. This attraction brings much enjoyment to many folks and many tourism dollars to the State and it is unimaginable that it could be damaged by a hog farm operation.

You owe it to the people of the State of Arkansas to protect one of the Natural State's prime assets.

Thank you.
