Mr. Cross,

Pursuant to Act 163 of 1993, public notice must be given to all permit applications to the this Department. The C&H Regulation 5 permit application is determined to be administratively complete and therefore an Application Public Notice will be published in the New County Times on Wednesday May 25, 2016. During this 10-day public notice, interested persons may request a public hearing on the application.

Once the technical review is complete, the Department will propose a draft permit that will be public noticed for a 30-day comment period in New County Times. Interested persons may submit their comments with regard to the proposed draft permit during the 30-day comment period. You may refer to Regulation 8 for more detailed explanation of these notices. Please let me know if you have any additional questions. Thanks.

Jamal Solaimanian, Ph.D., P.E.
Engineering Supervisor
Office of Water Quality, ADEQ

Questions_Comments:

I understand that C & H Hog Farms has applied for a Regulation 5 permit on April 7, 2016. Would you please let me know the status of that permit application.? I further understand that Reg. 8.207 states that when ADEQ reaches the state of a draft permit that there will be public notice followed by the opportunity for public comment and the request for a public meeting. Am I correct in my interpretation of Reg. 8?
