Questions Comments:

I would like to say that I think that C&H Hog Farm is a very good thing for the community of Mt. Judea. I have family there and I go over to Mt. Judea every Sunday and I have never smelled the hog farm from the school or anywhere around it. It brings in revenue for the community especially for the general store there and others in the area. The people that take care of the hog farm are very well know in the community as very truth worthy, considerate, and tries to get along with everyone. They have went out of their way to make sure the hog farm is safe from anything that would hurt anyone.. I have a cabin on cave creek and the creek there always have or has sign of wild hogs in the area. They are doing anything they want in the creek so therefore they are leaving lots of waste in the creek that flows into the river. I wish their was a committee to get rid of them cause I would sure join it. And we always see lots of wild animals around the creek. We love the buffalo and I think that C&H Hog Farms have went beyond keeping the buffalo clean.
