Subject: Farmers Support C&H Hog Farms

I would like to express my support for C&H Hog Farms and their permit request. This farm has worked to preserve the environment. They have patiently complied with request after request, all while being made villains by activists and members of the media. Please stand by this good farmer and his stewardship of the land. Please grant the final permit for C&H Hog Farms.

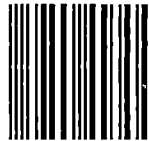

When the people who oppose this and other agricultural operations wake up hungry some day they don't need to come to this farmer (me) looking for a meal.

Sincerely,

Roger Thompson
