Here is a question that came in from the website survey. Will you please respond to Stuart concerning this water permit?

Thanks,
Jason Stracner

I was trying to locate the most recent public information about C&H hog farm permit to spread hog stuff into the buffalo river watershed ARG590001. A search resulted in 780 finds but only about 70 can be viewed??? The list did not contain any from this year. I would like to recommend that you modify the search to allow a document date range. I still have not located what I was looking for.
