**Subject:** [BULK] permit for hog farm  
**Date:** Friday, March 31, 2017 11:30:20 AM

---

I am writing to ask you to deny the permit to allow c and h farms to continue spreading hog waste in the watershed of the buffalo river.

In our karst geology this will surely pollute the river. This will create damage to the river, the local drinking water and damage to the tourist industry.

We cannot let our nations first national river be compromised by industrial pollution. please deny the application.

thank you Scott Thompson
