Mr. Wise,

I am sorry you will not be able to join us tomorrow evening. Your comment has been received and going on record.

Many thanks for your concerns.

**Subject:** C&H Hog Farms Public Comment

I regret being unable to attend Tuesday's public meeting about Permit #52646-W.  
Please enter the following comments in public record that I oppose permitting C & H Hog Facility Permit #52646-W.

I oppose this permit because it is clear that the facility will negatively impact the Buffalo River Watershed.

Specifically, I oppose the permit on the grounds:

1. No discharge is inappropriate
2. Failure to acknowledge a karst ecosystem.
3. Lack of compliance with AWMFH
4. Evidence of discharge in Big Creek
5. Violates current moratorium
6. Deficient nutrient management plan

Sincerely,  
Steven Wise
